

We at Windows on Aruba, have selected these wines very carefully and are sure that everyone will enjoy a perfect glass or bottle of wine with their dinner.

The menu starts with a great selection of wines by the glass. In the dinner menu you will find these wines paired with the delicious dishes our chef has created.

Next, you will find a small but excellent selection of half bottles. Great to enjoy by yourself or with a particular dish.

The rest of the wine list is set up by grape variety and within this, the wines are listed from light bodied and easy to drink to wines with more "body".

All the wines have their vintages listed behind them, and we are constantly working to keep them up-to-date. It can happen however, that the specified vintage is not available. In this case, the waiter will be happy to verify the correct year for you.

From us to you, we wish you a pleasant stay and enjoy your dinner, the view, the wines and of course... your company!!

Santé!
